

Ujwal Kumar Behera

Electronic and Communication Engineering Student
– Embedded Systems

Achievements & Interests

- +91 6371012496
- ujwal8100behera56@gmail.com
- Main Road, Odisha,
Semiliguda, 764036, India

Technical Skills

- Python, C, C++, Java
- Embedded C, Verilog
- Machine Learning (Python)
- Cybersecurity Fundamentals
- Hardware/Software Troubleshooting

Language

- English
- Hindi

- BGMI TOP #20 Hyderabad
- Circuit debugging & prototyping
- Competitive gaming

Career Objective

Embedded systems enthusiast seeking an entry-level role to design, debug, and validate firmware and hardware interfaces for reliable real-time products.

Projects & Experience

2024 – 2028

- IoT Alert System:** Developed ESP8266/ESP32-based real-time notification system.
- Digital Logic Design:** Designed truth tables and logic circuits.
- Internship at HAL:** Worked on PLC automation in CNC machines.

Education

2024 – 2028

Centurion University Of Technology And Management
761211, R.Sitapur, Paralakhemduni, India
